

SOGO Squirts Week 16

P is for Park!

Parks Drawing Challenge

Parks are a great place to play. Draw your favourite thing to do in a park. Is it flying a kite? Is it running with your friends? Is it going on a bug hunt?

Parks Challenge

There are lots of things called "parks", some of them are playgrounds with equipment, some of them are city parks with grass and goal posts or nets, some of them are provincial parks with little forests or wetlands. Can you think of any parks near your house? With a grown-up check out the city website for nearby city or provincial parks that have hiking trails. This week we are focusing our orienteering skills on natural parks that have paths and trails to explore.

Print this punch card (on the next page).

Some of the items on your punch card are landmarks. Put a star or check in the box next to the picture if it is a landmark.

Take this punch card with you and explore that park. It's okay if you don't find all of the controls, some of them might move (like birds) making them harder to find. Remember to mark the item when you see it.

Control Number	Landmark Mark if it is a landmark	Control Description	Punch
1		LeafyTree	
2		Boulder	
3		Fence	
4		Water/River/Creek	
5		Bridge	
6		Path Junction	
7		Evergreen Tree	
8		Insect	
9		Parking lot
